

TRANBY HIGHER EDUCATION, WORK EXPERIENCE, APPRENTICESHIP & CAREERS NEWS

Tranby Annual Careers Fair Wednesday 8 March 2023

It was an absolute pleasure to welcome 27 different organisations to our Annual Tranby Careers Fair. Students in year groups 7-13 all had the opportunity to visit the fair and interact with our visiting employers. It was great to welcome back some familiar faces but also to introduce some new ones to our Tranby Fair including alumni Brendon Smurthwaite from PBS Construction and Luke Wilson from Morson Projects. All our visitors commented on how fantastic our students are. A common thread of the conversations we had with them was how impressed they were by the depth of challenge and questioning from the students which they have not experienced at other careers fairs they have attended. Well done Tranby students. We are very proud!

APPRENTICESHIPS

Amazon Apprenticeships

Amazon Apprenticeship programmes operate across the Amazon UK business and include on the job coaching as well as specialist partner training. By the end of your programme you will leave with real commercial experience coupled with associated qualifications.

If you are unsure how your academic strengths, interests, ambitions and preferences of environment translate into your next step use the next three minutes to take this career quiz: [Take the UCAS Careers Quiz](#) then come back and [explore](#) their programmes in more detail.

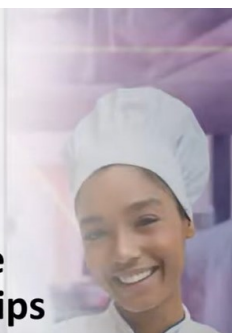

Hull University Teaching Hospitals are holding an open day at Castle Hill Hospital on Saturday 22nd April 2023 when you can meet members of the team and find out more about their work and the opportunities for you in Medical Physics. This will be a (free) "ticket only" event, so to attend you must register interest via a registration form [linked here](#)

Celebrities who started their careers with an apprenticeship STELLA MCCARTNEY

Growing up, Stella McCartney always had an eye for fashion. She took up an Apprenticeship with Saville Row tailor Edward Sexton, and it was here where she learned about the more elegant side of tailoring. This no doubt influenced the fashion pieces she has created since, which has given her great success and fame. Since then, Stella has designed Team GB's kit for the 2012 Olympics and her collections are distributed in 50 countries around the world.

The Truth About Degree Apprenticeships

UNIVERSITY OF CAMBRIDGE

Cambridge Virtual Pre-University Summer Programme

Option 1: Monday 3 July to Friday 14 July 2023

Option 2: Monday 24 July to Friday 4 August 2023

The two-week Virtual Pre-University Summer Programme provides high school students, aged 16-18, with an opportunity to get a taste of future undergraduate study. The programme is both intellectually stimulating and intensive and brings together high school students from across the globe to learn from some of the finest academics and subject specialists. Please click [here](#) for more information.

Higher Education Funding with the British Army

From a fully funded nursing degree to STEM degree sponsorship, find out how to [fund higher education](#) with the Army.

[Insight into University](#) residential courses are summer schools run over 4 or 5 days where students get a taster of university life and an insight into a specific STEM subject. Students will get the opportunity to experience university style lectures and work on activities and group projects with the support of academics and student mentors. Students will stay in halls of residence and will take part in social activities in the evenings. These courses provide a great way for students to try out university life, help them make an informed decision for their UCAS application and meet like-minded students from all around the UK. On completion of the course students will achieve an Industrial Cadets Silver Award. Below are some of the universities involved.

The University Of Sheffield.

Springpod

Try a university degree, before you apply, and make sure it's the right course for you. Here you can sample a subject, presented by the lecturer, to see if you like it before you apply. All you need to do is create a free account to get started! Click [HERE](#) to find the subject spotlight.

What does your child need to know in terms of education, training, and work? As a parent you are expected to have all the answers, but in a constantly evolving world it can be a struggle to keep up with the latest options out there. Are apprenticeships right for your child? Should they be considering BTECs or T levels? And how can you guide your child to make choices at GCSE and A Level that will set them up for a brighter future? Click [here](#) for support.

My Choices

The end of Year 11 and Year 13, the build-up and immediate response to results days can be challenging time for young people and their families. Faced with sometimes difficult or scary decisions about next steps, you may appreciate resources to help guide your son or daughter's thinking, particularly if their plans need to change. This guide is designed to support on and around results days, with links to useful resources or videos to help your son or daughter make the right decision for them. The guide is also useful for young people well before Year 11 and Year 13, to help them consider their choices. Click [here](#) to access the guide

CIPD Support for Parents

It's difficult to know at any age what career or job you want, but helping advise and inform a young person about pathways into work can be a real challenge. The prospect of helping your child decide what they want to do can be particularly daunting. You may feel you're not up to date on the latest education and training options available, or you might not be sure what skills and experiences employers are looking for now. CIPD have compiled a [post-16 careers guide](#) for parents and carers that is designed to help.

Episode 7 of The Parent Podcast is now available

In [episode seven](#) Rachel Burden is joined by Anna Morrison from Amazing Apprenticeships and the Minister for Skills, Apprenticeships and Higher Education, Robert Halfon
