

Holland Tour Report – U12s

The U12s started with a well fought draw against HC Concordia. They dominated the match, maintaining most of the possession. There were some excellent goals from Bea and Maisie. However, the game finished 4-4 due to some lucky breaks for the opposition.

The second game against HC Scoop saw a slight change in line up with Ella and Addie joining the team. In this match there was some great play down the right wing. Great drives to the base line from Addie and Sophie created many goal scoring opportunities. The girls worked hard and there were some great clearances from defence by Frankie. Again, they maintained the majority of the possession and scored some great goals with Ella and Bea scoring two each and Addie scoring one. The match ended in a 5-3 win.

The last match of the tour against HC Nuth was the toughest. The girls showed lots of progress and played as a team linking up passes and pressing together. In this game Aimee came into her own making some great tackles and playing some fantastic balls up the right wing. Ella and Bea put in lots of effort up and down the pitch in order to create some goal scoring opportunities. In this match the goal came from Sophie who worked hard to get a rebound off the keeper. Unfortunately this game finished as a loss at 2-1 in the last 30 seconds of the game but the girls played their best hockey when put under pressure in this match. Well done girls!
