

TRANBY HIGHER EDUCATION, WORK EXPERIENCE, APPRENTICESHIP & CAREERS NEWS

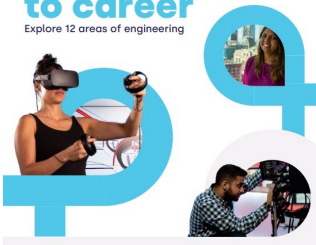

July is our Engineering Focus Month

Many of the conversations I am having with local employers is around the topic that engineering jobs in our area are on the increase and that employers foresee a shortage of trained engineers to fill these jobs in the years to come. This is a real opportunity for students who are interested in a career in engineering.

From idea to career

Explore 12 areas of engineering

From Idea to Career

Engineering is a diverse, wide-reaching sector with lots of exciting career opportunities. The different types of engineering described in this [booklet](#) are only some of the many areas you could have a career in. Find out which subjects are useful, what you might learn about, what people who work in these areas do and how you could make a difference.

All Routes into Engineering

A 20-page [booklet](#) for young people in the UK who are making decisions about their next steps, and the different routes into the sector including T Levels, apprenticeships, Degree Apprenticeships and degrees.

All routes into engineering

A guide for students
choosing their next steps

Meet the Future You

Ever wondered what an engineer does? Could you see yourself exploring outer space, protecting the environment, designing apps or developing cures for diseases? Engineers do all this, and more! Answer a few short questions and find out how YOUR skills and passions could lead to an exciting job in the future. Take the [quiz](#) now!

Follow us on Twitter and Instagram @Tranby_Careers and “Tweet” yourself to a wealth of up to date careers information, advice and guidance.

Tips for getting the most out of your Work Experience Placement

Work experience is an essential part of any career path. It helps you develop the skills and knowledge you need to succeed in your chosen field. However, simply completing an internship or job is not enough. To truly get the most out of your work experience, you need to take an active approach and make the most of the opportunities presented to you. [Here](#) are some tips for getting the most out of your work experience.

HOW TO FIND A WORK EXPERIENCE PLACEMENT: TIPS FOR YEAR 10 AND YEAR 12 STUDENTS

Work experience provides a valuable opportunity for students to gain practical skills, explore career options, and develop a network of contacts in their chosen field. For Year 10 and Year 12 students, work experience is an especially important part of their academic journey as it can help them decide on a potential career path and give them a competitive edge in the job market. If you're a Year 10 or Year 12 student looking for a work experience placement, [here](#) are some tips on how to find a good work experience placement.

Join an exclusive [webinar](#) with the Met Police's Operational Support Unit (OSU) on the 12th July, to learn how Engineering apprentices can kickstart their career and work on surveillance solutions that help to keep people safe.

The Operational Support Unit (OSU) is a dedicated team of around fifty specialist engineers and technical advisors. Together, they provide vital technical solutions, equipment and expertise for front-line policing for the Met

Celebrities who started their careers with an apprenticeship

Karren Brady – Advertising Apprentice

Upon leaving school, Karren Brady became an Advertising Apprentice at Saatchi & Saatchi. One year later, she was an Advertising Accounts Executive. She was then offered a job with Sport Newspapers, and became Director at the age of 20. Karren now has a net worth of over £85 million!

Use Unifrog to explore apprenticeships

Unifrog's apprenticeship vacancy listing is updated daily. Use the [Know How Library](#) to learn about the different types of apprenticeships then search [apprenticeship vacancies](#) both locally and nationwide by filtering by keyword and distance from home.

UCAS and Apprenticeships

UCAS can provide you with lots of information and support around your university applications but it also has a wealth of information about apprenticeships. Find out everything you need to know about apprenticeships [here](#).

Nearly 1 in 6 clinical training places to be offered as apprenticeships by 2028

The amount of NHS clinicians that the government plans to train through apprenticeships will more than double in the next five years, according to a long-awaited report into boosting the NHS workforce. Read the full article [here](#).

Routes into STEM for Year 9 & 10 Students

Are you enjoying your Tech, Design, Maths or Science subjects?

Would like to know what exciting future these subjects could lead to?

Join EDT on their [Routes into STEM virtual experience](#) this summer and find out all about college, university, apprenticeships and careers in STEM. The experience provides a guided learning for you to work through the content flexibly during the course dates, you will also have a selection of tailor-made STEM projects and activities at your fingertips. A variety of live sessions will give you an opportunity to ask questions to the panels of experts, students and apprentices.

[Options](#): the essential guide to apprenticeships and universities outlines the how-tos for school leavers' next steps.

Featuring crucial topics such as [financial independence](#), managing your [mental health](#) and expert advice on [job and university applications](#).

Also included is a comprehensive [A-Z directory](#) of post-school uni and work opportunities, making this a must-read for 15-19-year-olds, parents ... and anyone else involved in this crucial decision-making process!

Personal Statement Hub

The University of Leicester has launched a [Personal Statement Hub](#). It's your one-stop shop for all general and academic advice, guidance and content to help you shape your personal statement whether it be for medicine, law or a host of other courses.

Unifrog Clearing Tool Live from 5 July 2023

Clearing is not just for students that don't do as well in their exams than expected. Using it ahead of time means that you can avoid uncertainty and panic on results day and, because you know that whatever happens, you have a backup plan. Unifrog's clearing tool helps you prepare in advance for situations where:

- Your grades are higher or lower than expected
- You've changed your mind after accepting a firm offer
- You've changed your mind and now you want to go to university after deciding not to apply

The [Clearing tool](#) will go live on the Unifrog platform on [Wednesday 5 July 2023](#). At this point, universities will know how many spaces they have left on their courses (even though they won't have informed students yet whether or not they have a place). [Here](#) is a link to a clearing webinar.
