Logistics—Unifrog & Morrisby

Unifrog and Morrisby have lots of information about careers in the Logistics sector if you want to find out more. Click on the links below to access that specific area of each platform. You will need to log in to your account to access.

- [Unifrog](#) for Years 7-13
- [Morrisby](#) for Years 9-13

What does logistics mean?

Transport and logistics means moving people and products around. Any store you can think of needs to get the right products delivered on time and to where they need to go. There’s a lot of creativity, attention to detail and sharp thinking involved. Transport and logistics is one of the biggest UK business areas, with lots of opportunities for careers that take you places!

Your Guide to Degree Apprenticeships

In the ever-evolving landscape of higher education, degree apprenticeships have emerged as a solution to an age-old dilemma for many students, of choosing between pursuing a degree and gaining practical work experience. Since their introduction in 2015, demand for degree apprenticeships has grown rapidly, with over 40,000 new starters in England in 2022/23. Degree apprentices are enjoying the option of 'earning while learning', with their courses bringing together the best of higher and vocational education. [Learn more.](#)

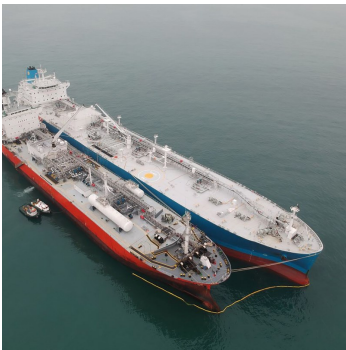

UCAS & Apprenticeships

UCAS can help you find out all you need to know about apprenticeships. Click [here](#) to explore.

The Ultimate Guide to Finding an Apprenticeship

You can find apprenticeships at a range of levels to suit your needs. This includes degree apprenticeships, that combine uni study and working at the same time. Find out if an apprenticeship might be right for you.

Early Careers Programmes at James Fisher & Sons

At James Fisher and Sons Plc, the company is dedicated to nurturing talent and providing exciting opportunities for those at the start of their careers. Their comprehensive early careers programmes encompass apprenticeships, graduate schemes, and cadetships, each designed to equip individuals with the skills, knowledge, and experience needed to thrive in their chosen field. Apprenticeships offer hands-on learning experiences across a variety of disciplines, allowing participants to gain practical skills while earning qualifications. They have offices nationwide including more locally in Goole and North East Lincolnshire. Click [here](#) to explore the early careers programme.

My Great First Job Webinar

Listen [here](#) on demand to discover different models of Degree Apprenticeships, find out how the funding works, get a sense of the salaries available and the qualifications needed. You can also hear from Jamie who has just been successful in gaining a Engineering Degree Apprenticeship and Luke who is just coming towards the end of his first year as a Solicitor Degree Apprentice.

The University of Edinburgh

The University of Edinburgh is running a range of online events that you can access wherever you are in the world. Their regular 'Introduction to the University of Edinburgh' sessions provide an overview of what it's like to study with them, and the opportunity to ask questions. You can view the event details and book on to the sessions [here](#).

Top tips for those planning a law degree

Studying for a law degree is a big deal, whether you're weighing up your university options or you've already accepted a university place for a law course. Wherever you are on your university journey, it's incredibly valuable to hear from some of the people who have walked that same path, to see what [advice](#) they would give.

The Students' Guide to University—UniTasterDays

The Students' Guide to University 2024, produced by UniTasterDays in collaboration with HELOA, aims to support students to make informed university decisions. Including whether to attend university, what to study, and where to study it.

Editorial contributions have been provided by over 40 university experts, as well as leaders outside the sector, including Martin Lewis's guide to student finance.

The guide is divided into sections designed to assist students at various stages of their university decision-making journey. These sections cover preparing for university, university events, financing studies, applications, and even starting the course. Click [here](#) to download.

Dogger Bank Windfarm STEM Scholarship Scheme.

30 scholarships are now available, totalling £5,000 each for students with a home address in the East Riding (plus 2 other areas) who are studying, or applying to study, a STEM undergraduate course at university.

More details are available here: [Dogger Bank Wind Farm opens fourth round of scholarships - Dogger Bank Wind Farm](#)

Parents and Careers Progression Information Evening 12 September 2024 from 6-7pm

In a recent survey, 65% of secondary aged students said that their first port of call when seeking careers advice is their parents. This is why we are hosting an event specifically around how you, the parents, can support your child when they ask you careers related questions. We will be providing you with information about our Year 7-13 Careers Programme and how we use Morrisby and Unifrog Careers Platforms to inform, engage and support students with their career exploration journey. Sign up [here](#).

If your child has arranged a **work experience placement** for themselves please ensure that Mrs Harding has been informed so that the correct administrative checks be put in place prior to the placement going ahead.
